

Beautiful Woodland Lots FOR SALE

THE HOME-BUILDERS' ADDITION

KNOWN AS THE JONES WOODLAND TERRACE

This new addition is known as the highest point around Newport, through the recently located city reservoir. This terrace commands a fine view, overlooking the country for miles around; the air is healthful and dry. Old English Mountain in the background adds beauty and grandeur and furnishes a cool breeze night and morning.

These lots are also rich with huge trees of pine, oak and hickory. The soil is fertile and rich with the accumulations of loam of years. Situated as this land is, next to the new reservoir, it can be supplied with an abundance of fine spring water, fresh from the mountains. This will simplify the problem of housework, will facilitate the growing of vegetables, be of great advantage in raising chickens and keeping stock of all kinds. These choice lots are now for sale, just outside of the corporate limits; ten minutes' walk from the center of town; fine pike road running through the center of addition, connects with pike roads running in every direction around town. Surrounded as they are by every advantage, what could be more desirable suburban property? What more advantageous to the home-builder?

What the future of our town will be, no one can predict, with miles and miles of good pike roads, waterworks and sewerage systems being installed, shows the enterprise of our citizens and will add to our town value that can never be estimated in dollars and cents. When millions of acres of desert lands and swamps have been changed into gardens and orchards and grain fields, think what possibilities lie in acres of rich uncultivated soil.

Paying rent means putting your hard-earned money into another man's pocket. Don't do it a day longer. Own your home. Secure one of these fine lots at once, the next man will charge you more. Build yourself a comfortable house, surround yourself with comfort. It's easy when you have once made a start in the right direction. See me at once. First come, first choice. No proposition too small; not one too large to be considered. Will be glad to show the lots at any time. For further information, apply to
